

MATT DUNHAM

Director

As director of human resources at Mosaic Management, Matt Dunham works with 20 independent living, assisted living and memory care communities in six states. With nearly 30 years devoted to the senior housing profession, he brings to the Board a personal mission to improve the well-being of seniors and make an impact in their lives. He's actively involved not only in providing services today, but in shaping how they will be delivered in the future.

Matt's own experience supporting multiple family members as they travel the difficult and ever-changing path of Alzheimer's disease gives him a deep respect for the work and mission of Vital Life. "This organization is not just about providing services," he said. "It is about a collective belief in the transformative power of community and compassion."

A long-time supporter of the Alzheimer's Association, a Foundation charitable partner, he's actively involved in the Walk to End Alzheimer's and Memories in the Making. In addition to his work with Vital Life, Matt also helps raise awareness and funds for children with learning challenges through Edison High School.

As a graduate of the University of Montana, Matt holds a Bachelor of Science degree in business with an emphasis in marketing. He enjoys spending family time with his wife and two children, as well as camping, running and traveling to new Major League Baseball stadiums.
